

Bubble now Childcare.co.uk

The Work+Family Space scheme has replaced Bubble with childcare.co.uk which is the UK's largest community of parents, childcare providers and private tutors.

Access through the Work+Family Space enables you to create a free advert for childcare and tutoring needs and to search the childcare.co.uk database of childcarers, tutors and household help.

All parents registered with the service should have received an email explaining how to register with childcare.co.uk, as well as information from Bubble about how to continue to use their service on a private basis, if they so wish.

You can download the childcare.co.uk app from the app store and register using your work email address to qualify for enhanced access.

Further information about the service is available on the [HR website](#).

Vice-Chancellor's Pay & Conditions Report

As part of the Pay & Conditions Report, a comprehensive review of the total reward and benefits offer for all staff groups across the University is being conducted.

There are many opportunities for colleagues and staff groups across the University to feed their thoughts and suggestions into the review process.

The [Pay & Conditions webpages](#) are being updated regularly and now include committee meeting agendas and minutes, upcoming committee meeting and workshop dates, and an archive of communications relating to the Pay & Conditions project.

An [FAQs section](#) has also just been launched.
